150 youth reached in Brown County

87 total referrals for case management and mediation

RAYS Youth Services by **foundations** health & wholeness

2022 Gratitude Report

YOU CHANGED LIVES, FAMILIES, AND OUR COMMUNITIES!

In 2022, our donors and other supporters showed up in a **BIG WAY** for our counseling clients, foster families, and runaway and homeless youth. Supporters built capacity to serve more people, made innovation possible, and allowed the people we serve to heal and thrive.

Foundations Health & Wholeness is a nonprofit organization with a mission of innovating care to heal mind and spirit; changing lives, families & communities.
